**PUBLIC NOTICE NO. 08/2023**

Kind attention of the Importers, Customs Brokers and all other Stakeholders is invited towards the assessment of Bills of Entry pertaining to Chapter 84. It has been observed that there is delay in processing of documents for want of specific documents required for assessment of some goods such as Ovens, Printers etc.

2. The classification of goods such as Ovens, Printing machine/Printers; *interalia*, depend on the end use of the goods. It has been noticed that Importers/CB while filing Bill of Entry do not provide full details of the goods which leads to queries and increase in dwell time.
3. CBIC's e-sanchit application is successfully in operation since 01.04.2018. Aimed at further reducing physical interface between Customs/regulatory agencies and the trade and to increase the speed of clearance in both imports and exports, this application provides a facility to upload documents at all ICES location across India.
4. In this regard, it has been decided to direct all stakeholders to upload all the supporting documents such as detailed product catalogue, technical write up/documentation, end use etc, as a trade facilitation measure which would bring greater transparency, visibility in action taken, along with degree of certainty, thus reducing dwell time.
  - a. Ovens: - Whether Industrial or Domestic use. (CTH 8417 or 8516).
  - b. Printing machine/Printer: - Printing machinery used for printing by means of plates, cylinders and other printing components of heading 8442.
  - c. Printers: - Others capable of connecting to an automatic data processing machine or to a network (CTH 844332).
5. The importer will have to mandatorily upload the end use supporting documents on E-sanchit and the image reference number (IRN) will have to be declared in the supporting document table at the item level.
